

# New Platform 2007 AluLongLife

**NEW !!!**

Klaus Multiparking fulfills your wishes with tailor-made solutions and individually developed and innovative products. Our latest development is the platform profile **AluLongLife**.

The aluminum profile **AluLongLife** with anodized surface that was specifically developed for this application stands out in many respects as unrivaled material with excellent properties.

- rust-proof
- durable and of stable value
- easy to keep
- light but nonetheless extremely stable
- excellent resistance to corrosion and atmospheric conditions
- excellent accessibility and trafficability
- high wear resistance
